# AGRICULTURAL HARDWARE 2023

GATES, HURDLES & ACCESSORIES · FEEDERS · FENCING · ROOF, WALL & FLOOR

# WELCOME

At A. Perry, we are proud to offer a wide range of high-quality metal products for agricultural use. Developed with the Agriculture community for the Agricultural community and manufactured by the Perry Group, our products are designed with durability and practicality in mind, providing the perfect solution for a variety of farming needs.

We understand the unique challenges faced by farmers and agricultural workers, and we are committed to providing products that meet these challenges head-on. Whether you are looking for a simple gate to secure your property, or a system of troughs and hay racks to manage your livestock, we have the expertise and experience to provide the perfect solution.

Our products are made from high-quality materials, and are designed to provide reliable performance in even the toughest of conditions. And with our commitment to customer service and satisfaction, you can be confident that you are getting the very best in agricultural metal products when you choose Perry Agri.

## Fencing Tool and PerryPost Stands

The perfect way to showcase our Fencing Tools, PerryPost and Accessories. Designed to fit with our modular stands

Additional Hooks available  
Ideal to hold fencing tools

## MOLE TRAPS

If ignored, moles with the subsequent hills and tunnels can create real hazards and danger in normally safe areas of grazing livestock. Horses, with their tendency to run around increase the likelihood and risk of tendon damage and broken legs as a result of mole activity.

To prevent injury, the problem should be dealt with as soon as moles appear in your paddocks or fields. Use these traps as part of a planned maintenance programme to stop any increased activity.

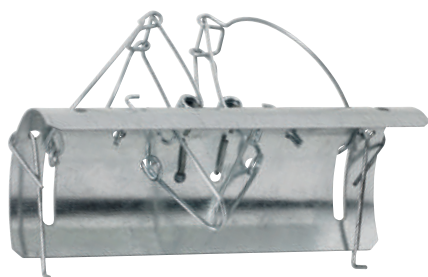

No.1400

### Talpex Style Mole Traps

A very simple to use trap that has a coil spring.

- Efficient and strong
- Ideal for hard to catch moles
- Fast, humane action

Code	Size	Finish	Box Qty	Ctn Qty	Barcode
